Access Type

Searcher: This person will be interacting directly with the patron and is responsible for filling out W2G's and checking the state registry for outstanding child support owed. The Searcher does not have access to the gaming establishments' banking information and would not be able to provide payment information to complete the transaction.

Payer: This person has access to the gaming establishments' banking information and would be responsible for completing the transaction when an Intercept has been made by the Searcher.

Administrator: This person ensures written procedures are in place to maintain the confidentiality of the information submitted to the registry and that only individuals with job duties that require access to the registry have GIP access. The Administrator must also ensure that terminated employees (voluntary or involuntary) with access to the GIP application have their access disabled within three days of the employee's actual termination date.

This form needs to be completed and approved by the Customer Administrator and emailed to the Registered Services Center @ co_support@tylertech.com.
